THE FOCUS OF BIOPROM

BIOPROM is a unique platform for exchanging experiences, establishing new business contacts, and discussing the development prospects of biotechnology, medicine, the food industry, retail, HoReCa, and other related sectors that create human-oriented technologies.

BIOTECHMED

pharmacy and medical industry

INNOFOOD

food industry and agriculture

COSMETIC COMPONENT

cosmetics and fragrances

ECOBIO

waste management and green practices

BIOPROM GOALS

1. **Expert dialogue** bringing together technology developers, development institutions, manufacturers, government authorities, and the business community.
2. **Showcasing Russian technologies** on international markets while fostering partnerships with global investors, manufacturers, and research centers.
3. **Promoting domestic Russian innovations** for human wellbeing across key sectors, including food production, pharmaceuticals, medical devices, aesthetic medicine, and environmental solutions.
4. **Accelerator Program**: supporting relevant projects from small and medium-sized enterprises.
